

# Installogics

We couldn't think of a single word that described all we do,  
so we created our own.

## Installogics

\in•stah•lah•ji•cks\

*n.* **1** : The RPM process where turnkey installations and logistics management meet. **2** : The RPM process that can guarantee you 99% on-time delivery and completion — and save you up to 50% on your traditional project costs — whether you're doing an opening or rollout, require national distribution, merchandising, or anything else in between.

**3** : The RPM process employed to identify, define, and track the necessary steps for a complete, on time, and flawlessly executed project or program.

**RPM**

Retail Project Managers, Inc.

For more information,  
call 800.218.7552 x203,  
visit [www.rpm-direct.com](http://www.rpm-direct.com)  
or e-mail [sales@rpm-direct.com](mailto:sales@rpm-direct.com).

We offer so many services, we couldn't fit them on a single page.
